Michael Can you avoid a step-by-step guide to level 1-8 and bonus level 1-2, solution, answers, cheats for iPhone, iPad, Android with explanation screenshots to address all levels. The goal of this game is to escape from the rooms. Solve puzzles and find all the hidden objects that you have to use in the rooms in order to move to the next floor. Challenge yourself in this fun, exciting, free and popular puzzle game. Can you avoid Level 1 Can you avoid Level 1 passage, solution, answers, cheats for iPhone, iPad, Android with explanation screenshots to address all levels. Check the chest on the right side and play the puzzle. pen from the chest and replace it on the table on the left. Collect the screwdriver from it and use it to unscrew the lid. Now check out the picture on top and you can see 1915 in the bottom left corner. Now click in 1915 in the safe and The key. Insert the key into the lock on the right side and open the door. Game LevelsThe game Can you avoid passing contains 10 levels, you are in level 1. If you find out that the answer or solution is not accurate, please leave a comment below, we will update for you as soon as possible. Tags: UPDATED 100 Doors Games 2019 by DigitalEagle All Answers. The main goal of 100 doors 2019 is to escape from the room. Using all the capabilities of the device, you need to open each of the 100 doors and move the doors to the next level. Search for hidden objects, solve puzzles and use items to do so!!!!!!! Update: December 23, 2020This our guide to rooms 81-90 for 100 Doors Game: Escape from School.Room 81Around Room a number of animals, including fish in a bowl and spider and butterflies in frames on the wall. On the floor is a box with a diagram representing the spine/bone. Click or drag to put in a box all the animals that are vertebrates (have a skeleton). Room 82Tap to collect the mesh from the chair on the left. Click to assemble a board of wood on the right side. Use the tree to hit the bee hive hanging to the right of the door. Use the net now to click and collect all the bees flying in the room. Once you have collected them all drag net to fly the trap trap on the table to feed the tee and it will release the key. Use the key to open the door. Room 83Tap to collect the wrench from the floor on the right. Click to collect some patch repair items from the bench on the right. Click to collect a hose and sensor from under the bench near the door. Drag the hose to the air tank on the left to attach it. Use a wrench on a flat bus on a school bus. This removes the wheel. Drag the wheel to the air pump to place it. Drag the patch elements to the wheel to repair it. Then press the air tank to inflate the tire. Put the bus together. Drag the wheel to the buses to place it then use the wrench again to complete the fix. Click on the bus and it will go away. Click the calendar on the work bench and ten click it again to view the back. There is a picture with a hint. Click on the box in the inspection pit under the place where the bus was. Use the key above to press the correct sequence of buttons to open the window. Get the key together. Use the key to open the door. Room 84Not the figure next to the door with four musical forms, they represent the types of instrument. Count the number of each type in the roomInve room in the keyboard to open the door. Room 85Tap to collect the hammer from the bench on the left. Click to collect the chisel to the left of the bench. Click to collect a few scissors from the ground under the tree. Use scissors on a small bush to the right of the door on the ground. Hire See this to see the key with the shape and different colored foods. Place the chisel on the mailbox by the door. Then use the hammer on it to open the mailbox. Box. 6 buttons with lines. Click each button to change your color. The posing form on the food color button, to which it refers on the paper tip. Solution: Now you can collect the key that fell to the floor. Use it to open the door. Room 86Tap to collect 2 gas canisters from the floor. Click to collect a bottle of H2O. Choose and add H2O to the flat bottom glass flask on the table on the left. Choose and add the yellow canister to the round bottom flask on the left. Choose and add a blue canister to the same round flask on the left. Repeat this a second time to get SO3, it is then added to the H2O to give you H2SO4 in the flask. Collect the green flask and then place it on the sign to the right of the door (H2SO4). The door will open. Number 87Counting the number of each colored book on the shelves. Shake the device to make 4 more books fall from above. See the color order on the revolving wheels above the door. Enter the number into the keyboard to open the doorRoom 88Notice scoreboard on the right with the score and match time. You will be asked with the question how much time we have left. The game of basketball (basketball will fall to the left) Watch speaks 7:49 in the 3rd period. Use the total time left in the match for the code: in the keyboard to open the door. Room 89Tap to collect red hose from under the chair. Click to collect the yellow bottle from the shelf. Click to collect the handle from the counter at the table. Click to collect the lighter from the pipe on the right. Use the handle on the fridge on the right and open the door to collect the ice. Use a hose to connect the gas canisters left to a small slab. Click on the canister to turn on the gas.Combine lighter and yellow lighter fluid to activate the lighter. Place the ice on the stove and lock it with a lighter. The ice melts to reveal the key. Click on the canister again to turn off the oven, collect the key and use the key to open the door. Number 90Tap on the green bag to the right of the door to collect the DVD. Tap the projector screen over the white white dock to open it. Click on the switch to the left of the door to turn off the lights. Drag the DVD to the laptop on the left of the door (luminary). The number will appear on the screen, use this number in the keyboard to open the door. Now you can go to the numbers 91-100.
